catalyst collective

FOR GIFTED AND TALENTED YOUTH

About Us

The Catalyst Collective offers high-ability youth from across the region a chance to interact with one another, learn and grow in a safe, supportive environment with a focus on academic excellence, service, leadership and the arts.

The immersive camp experience—lasting 11 days for high school students and 7 days for middle school students—includes engaging classes with Morningside College faculty and provides students an opportunity to experience life in residence halls, eat in dining facilities and learn and perform in campus facilities. Camp culminates in a high energy musical and artistic production from the high school students, along with a showcase from the middle school students highlighting the outcomes of their classes and the “BIG” (Big Idea Generator) workshop.

Most importantly, the Catalyst Collective functions as platform for students of all backgrounds to lift each other up and out of their comfort zones. In the time they spend together at Morningside College, they'll have the opportunity to undergo self-discovery, become global advocates for good, and cultivate friendships that last a lifetime. They'll learn more than they can imagine (during the summer, at that!) and have a blast in the process.

Two camps, one family.

When young people support each other, incredible things can happen. The Catalyst Collective has a place for secondary students of **all** ages, to learn, innovate and grow together.

THE CATALYSTS

July 16-27, 2018

CATALYST CAMP provides gifted and talented students **entering grades 10-12** a safe space to explore their passions and discover their potential through education, teamwork, leadership and art. During their 11-day intensive, the campers will participate in engaging team-building activities, motivational guest lectures and hands-on courses tailored to the interests of each student.

Catalyst Camp ends with a free public presentation of music, dance and performance art, prepared by the students during camp.

THE SPARKS

July 22-27, 2018

After the first week of high school camp, we invite gifted and talented students **entering grades 7-9** to join the Collective as SPARKS. Like the Catalysts, these campers will participate in engaging team-building activities, motivational guest lectures and hands-on courses tailored to the interests of each student.

The comprehensive Spark experience culminates in a showcase of creative ideas for addressing complex global issues, envisioned by the students in the **"BIG" (Big Idea Generators) workshop.**

Fuel your brain with captivating classes.

The Morningside College faculty, along with the Catalyst Collective staff, present a variety of course offerings for students to choose to experience during their time at camp. The assortment of class subjects changes slightly each year, but the intention is to offer enough selection which satisfies the unique interests of every participant.

Past courses have included:

- *"Brand U"* (defining your personal brand)
- Physiology
- Stage Combat
- Psychology (using real polygraph equipment!)
- Solving a mystery using forensics
- Severe Weather and Storm Chasing
- Rocketry
- Nanotechnology
- Various Dance disciplines (lyrical, hip hop, etc.)
- Ace your audition or job interview
- *"Adulting 101"* (finances, student loans, taxes, etc.)
